Slide 1

Unraveling the Impossible: Exploring the science, the paradox, and the human heart. Our Journey Through a Frozen World

01

Session 1

Tonight, we will explore the scientific mysteries...

02

Session 2

Each chapter brings us closer to understanding...

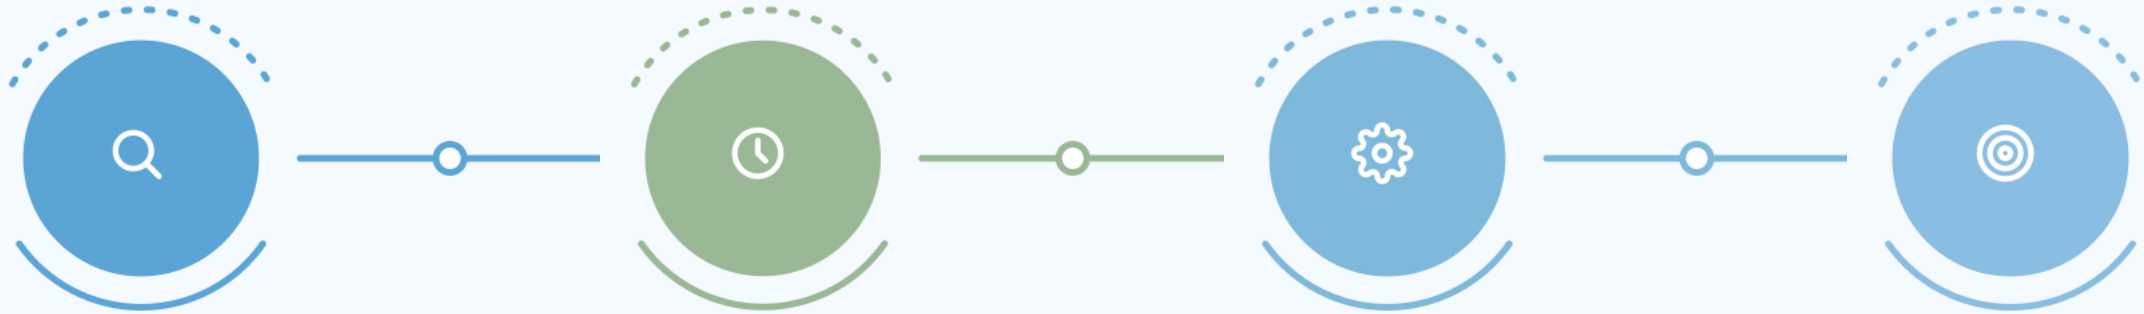

03

Session 3

Tonight, we will explore the scientific mysteries...

When Physics Breaks: The laws of nature unravel in midnight's stillness.

The Science of a Stopped Universe

MOTION...

Every atom, every wave, every heartbeat...

LIGHT...

Photons no longer move, casting the world in a...

PERCEPTION...

Human senses and thoughts, bound to...

SCIENCE...

Where our knowledge ends, wonder begins.

Humanity in a Frozen World: Life at the Edge of Time

In a metropolis gripped by stillness, time has halted—freezing streets, homes, and hearts in a single endless moment. Amid the frozen masses, a few conscious souls remain, isolated with their memories and fears. This silence breeds profound moral questions: does responsibility vanish ...

00:01: What Happens Next? The Second That Could Change Everything

IF TIME RETURNED, WHAT WOULD YOU DO?

Seize your moment: choose your path in the first 60 seconds of time's return
